PHOTOS OF THE PROCESS OF ENGAGING POLITICAL AND ADMINISTRATIVE AUTHORITIES IN THE IMPLEMENTATION OF HUNTING CONTROLS and PROTECTED AREA CREATION

To the left is a photo of a small workshop we held in Kindu in February 2009 for the authorities of Kailo Territory. The Lomami River runs through or next to two sectors of Kailo and these are the two sectors that will be most affected by an eventual protected area in the TL2 landscape. These sectors are:

Ngengele Sector whose chief, Jeanne Machozi Ulimwengu is in the foreground and
Balanga Sector whose chief, Botumbe Weli, is just to her left.

On 10 April 2009, the day before a large workshop for the chiefs of the Groupements and Localités of Kailo, in Kindu, the capital of Maniema Province, there was a training session for the Environmental Agents serving in Kailo. At this session, opened here by the Provincial Minister of the Environment, the TL2 Scientific Director and TL2 team leaders taught how to recognize protected species. Enforcement was discussed.

In September 2009 just before the hunting season was re-opened there was a meeting of concerned authorities of Kailo, including the provincial deputies Honorable Eugide Makoko (right) and Honorable Chef Bushiri (left) to discuss the formation of a provincial protected area. The meeting is being led by the current provincial environment minister, Kinyama Omar bin Djuma

In Mbuji Mayi I was able to give a presentation to government officials as well as heads of NGOs. In the front row in a tie is the Honorable Lambert Elonge Deputy of Kasai Oriental and originally from Katako Kombe. Second from the right is Gaston Akaya who is the coordinator of local NGOs for the territory of Katako Kombe.

Meeting in the village of Kahodi, Kasai Oriental, of Terese Hart and Paulin Tshikaya (ICCN chef de bureau in Kindu) with the chef de secteur of Watambola Nord, Lokalo Kelo, who is sitting on the far left, and with the chef de chefferie des Arabisées, Lohata Pene Ngongo, sitting next to him. August 2009

Reunion in the governor's office in Kindu, Maniema. August 2009
The governor of Maniema (purple tie), Didier Manara Linga
The provincial environment minister (orange tie), Kinyama Omar bin Djuma
